

**STATUS: FOR CONSTRUCTION**

These drawings have been prepared in accordance with BS3808 1994 Design & Installation of Natural Stone Cladding and Lining.

**COM REGULATIONS DESIGN RISK ASSESSMENT**  
 The size and shape of individual stones for this project have been designed to satisfy the overall design requirements for the building.  
 All persons handling and installing such stones should be aware that there are risks associated with this type of work, which cannot be designed out.

**Risk: Injury**  
 Risk Reduction:  
 Fitters must be suitably experienced in the handling of stones and employ lifting methods appropriate to the size and shape of the stone.  
 Access and working platforms must be to the standard required by current legislation.  
 Reference must always be made to COSHH information for the materials being used.

Rev.	Date	Comments	By
C	14/12/03	Quantity of steel plates revised 4-kgps added.	TA
B	24/10/03	Details of welded plates to take stone 4-kgps, and stone mark numbers added.	TA
A	01/09/03	Applied to contracts comments.	TA
