

STATUS:
FOR CONSTRUCTION

These drawings have been prepared in accordance with BS5295 1994 Design & Installation of Natural Stone Cladding and Lining.

COM REGULATIONS
DESIGN RISK ASSESSMENT
The size and shape of individual stones for this project have been designed to satisfy the overall design requirements for the building.
All persons handling and installing such stones should be aware that there are risks associated with this type of work, which cannot be designed out.

Risk: Injury
Risk Reduction:
Fixers must be suitably experienced in the handling of stones and employ lifting methods appropriate to the size and shape of the stones.
Access and working platforms must be to the standard required by current legislation.
Reference must always be made to COSH information for the materials being used.

Notes:
 = To be confirmed
 Net Stone sizes
 Gross overall sizes
