STATUS:
CONSTRUCTION

CDM REGULATIONS
DESIGN RISK ASSESSMENT
The size and shape of individual stones for this project have been designed to satisfy the overall design requirements for the building.
All persons handling and installing such stones should be aware that there are risks associated with this type of work, which cannot be designed out.

Risk: Injury

Risk Reduction:
Fixers must be suitably experienced in the handling of stones and employ lifting methods appropriate to the size and shape of the stone.
Access and working platforms must be to the standard required by current legislation.
Reference must always be made to COSSH information for the materials being used.

Notes.
= To be confirmed
50 Net Stone sizes
50 Gross overall sizes
